LIGHTED TO ENLIGHTEN

Editorial Note

Education is the eternal light that dispels the darkness of ignorance and leads humanity toward wisdom, compassion, and truth. As the month of July unfolds, Jayarani College continues to radiate this light through its commitment to holistic learning and the nurturing of young minds. In the lamp of education, every spark represents curiosity, every flame signifies understanding, and every glow reflects transformation. True education not only illuminates the intellect but also enlightens the heart, guiding students to become beacons of hope and service in society.

At Jayarani College, Salem, this spirit of illumination shines brightly in every classroom, initiative, and interaction. Our teachers light the path with knowledge; our students, in turn, carry that light into the world—spreading brightness wherever they go. This July issue celebrates the enlightening power of education and the many ways our college community embodies it—through academic excellence, creative pursuits, and service-oriented endeavors. May this light continue to inspire us all to learn, to grow, and to lead others toward the same radiance of truth.

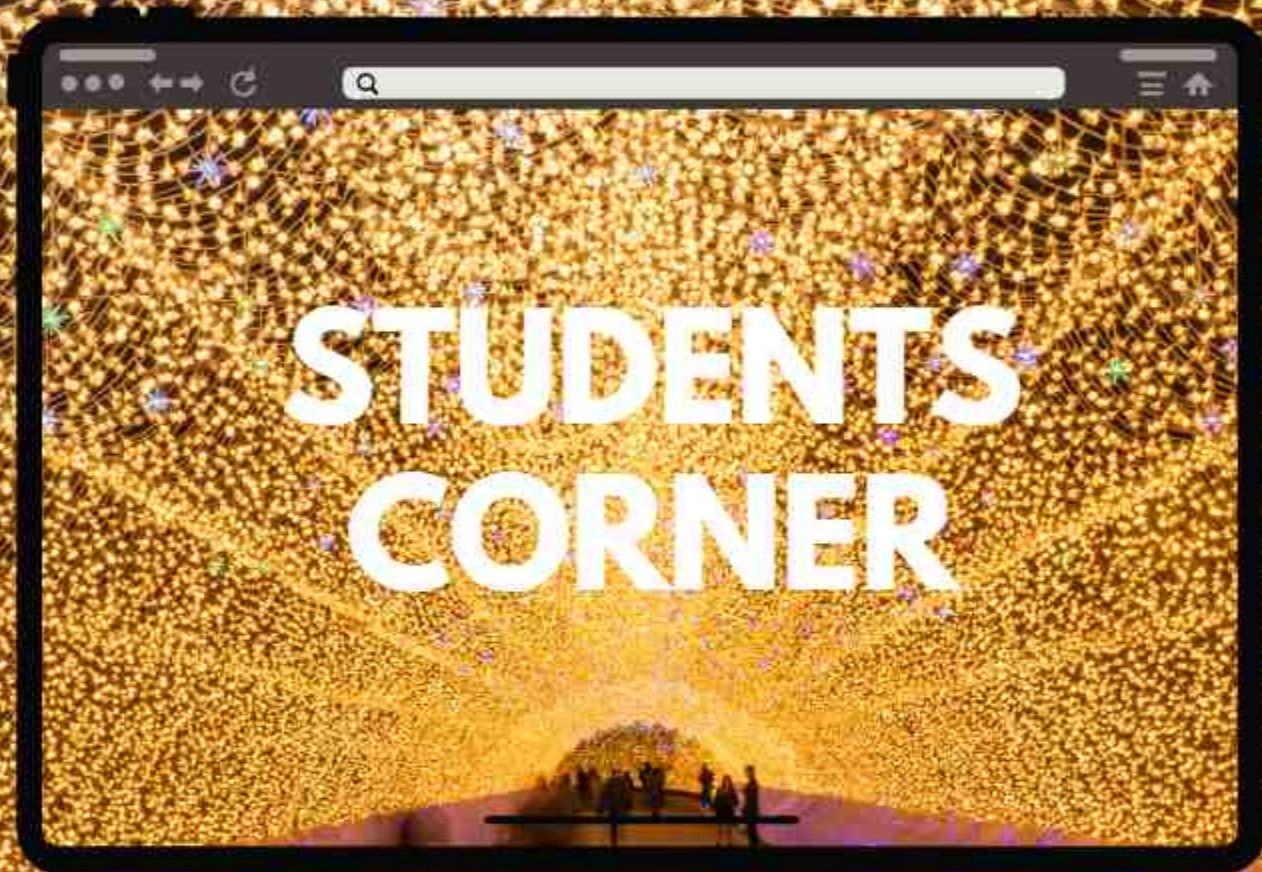

Let our hearts and minds always echo the vision of our institution: "Lighted to Enlighten."

Train the Trainers
